

# Resolutions

## of the XX<sup>th</sup> EUREF Symposium in Gävle, June 2 – 6, 2010

### Resolution no. 1

The IAG Reference Frame Sub-commission for Europe (EUREF)

*Recognising that* GNSS campaigns and subsequent computations were completed and presented to the Technical Working Group (TWG) as

1. EUREF Czech 2009;
2. EUREF EIR/UK 2009; and
3. EUREF GR 2007;

by representatives of the Observing Nations and these results were accepted as Class B standard by the TWG

*Endorses* the set of points for 1) Czech Republic, 2) Republic of Ireland and the UK and 3) Greece, as submitted to the TWG as an improvement and extension of ETRS89.

### Resolution no. 2

The IAG Reference Frame Sub-commission for Europe (EUREF)

*Considering* the TWG recommendation of adopting the ETRF2000 as a conventional terrestrial reference frame of the realisation of ETRS89

*Noting* the great benefit of harmonising the ETRS89 realisations at the national level of the European countries and consequently minimizing possible discrepancies in geo-referencing applications through Europe

*Recommends* that the NMCAs adopt the ETRF2000 as the basis for future national implementations of ETRS89

### Resolution no. 3

The IAG Reference Frame Sub-commission for Europe (EUREF)

*Noting* the leading role that EUREF has taken using and developing the use of GNSS together with the advantages that such leadership has given Science, IAG, EU and NMCAs;

*Recognising* the GNSS modernisation programmes in particular the European Galileo;

*Encourages* members of EUREF to provide the necessary infrastructure, data and analysis from these new GNSS developments:

*Requests* the TWG to establish a platform for the exchange of experiences in upgrading the EPN.

### Resolution no. 4

The IAG Reference Frame Sub-commission for Europe (EUREF)

*Noting* that the European contribution to the IAG WG on Regional Dense Velocity Fields is coordinated by EUREF

*Considering* that there are permanent tracking stations, not included in the EPN, but are of scientific importance

*Encourages* analysis of the data following the guidelines for EUREF densifications and transmission of weekly SINEX solutions to EUREF

### Resolution no. 5

The IAG Reference Frame Sub-commission for Europe (EUREF) which held its twentieth symposium in Gävle from June 2 – 6, 2010

*Expresses* its sincere thanks to the Lantmäteriet and the Local Organising Committee Mikael Lilje, Lars E Engberg, Christina Kempe, Martin Lidberg, Bo Jonsson, Peter Wiklund, Jan Johansson (Chalmers) and Lars Sjöberg (KTH) for organising the symposium and for the excellent arrangements resulting in a very successful meeting and for the support given by the sponsors Future Position X, Leica Geosystems and SP Technical Research Institute of Sweden AB.
